

Admission Requirements

Master in Leading Hotel Transformation

Basic entry requirements

- NVAO accredited bachelor degree or equivalent (Dutch funded bachelor degree e.g.)
- Minimum of 12 months relevant work experience in the service-related industry.
- C1 English level skills, both written and oral.
- Pre-masters or GMAT tests are not required.

Secondary requirements

Qualitative selection criteria are used to assess your motivation and personality. For Master in Leading Hotel Transformation, Hotelschool The Hague is looking for students with a "heart for hospitality" and eager to pursue a career in the hotel industry.

The following skills are required and will be assessed:

- Intelligence Quotient skills: as the master focuses on digital and circular transformation and research skills, we will assess your research skills, information literacy and analytical skills (**High Tech, High Touch**).
- Emotional Quotient skills: the master requires students who have the right knowledge and have the right people skills (High Tech, **High Touch**).
- Adversity Quotient skills: the master focuses on transformation processes, which means that you must be resilient in coping with uncertainty and change.
