

Rethinking Luxury

Excellence, simplicity, authenticity: this essential triumvirate perfectly embodies the DNA of the Michel Reybier Hospitality brand, the hallmark of all our establishments. Each one has its own individual personality, but all express Michel Reybier's personal vision: unique places in which one feels good, memorable moments elived in the most natural possible way, experiences that are secretly revealed, the unshakable will to offer the best. Through his name, Michel Reybier nurtures a different concept of luxury that is a far cry from posturing and ostentation.

The most sought-after addresses

On the water's edge in Geneva and Zurich, in the forefront of Parisian life, opposite the towering Matterhorn in Zermatt, overlooking the Mediterranean in Ramatuelle, in the heart of History in Bern, under the watchful eye of the Jungfrau in Interlaken, amid the prestigious vineyards of Saint-Estephe... Both in Switzerland, London and in France, Michel Reybier selects the most sought-after addresses, breathtaking views, the best locations. Each one elegantly embodies the fundamental identity of each place, in its own unique way. Each one provides a sense of being exactly where one should be.

The ultimate art of hospitality

Michel Reybier Hospitality redefines the codes of luxury hospitality under the auspices of first-class craftsmanship. He promotes a rigorous approach to privacy within which the quality of relationships, staff discretion and their attentive presence go hand-in-hand with sophistication and enjoying each moment. Ultra-personalized services focus on the human factor by placing the well-being of guests above all. A bias that makes all the difference at a time when standardization or uniformization are constantly gaining ground. The pleasure of a home from home.

Gastronomy & Oenology

For Michel Reybier, passion is synonymous with high standards. To him, true gourmets take the time to look after their health with excellent fare. Despite their highly eclectic inspirations, Michel Reybier Hospitality restaurants share a love of wonderful produce enhanced by talented chefs. The wine and champagne lists bear the expert stamp of wine enthusiast Michel Reybier himself – owner of Cos d'Estournel in Bordeaux, of the Imperial Estate of Tokaj- Hétszölő in Hungary, of Château La Mascaronne in Provence and producer of Jeeper champagne.
