## CORPORATE OPERATIONS TRAINEE (M/F/D)

FULL TIME

Mayfarthstraße 15-19, 60314 Frankfurt am Main, Deutschland

Without Professional Experience

This is how we boost your career:

- Individual concept - together with you we design a trainee program that takes your wishes and interests into account and develops your skills
- Duration - our cooperation can last between 6 and 12 months, you decide
- Operational expertise - together with the corporate operations team, you will help to further develop our brand standards, by working on various projects and getting to know the ins & outs of corporate and local hotel operation.
- Attention to detail - you will become a brand guardian, spotting errors, and flagging standards that are outdated, as well as suggesting ideas that enhance our guest experience
- Mentor - you will have an experienced team member to support you during your program and to give you feedback
- Operations is multi-tasking - if you can manage multiple challenges at the same time, you'll fit right in

These are your talents:

- Your education - you have a degree in hotel management or are in your last semester
- Language - you are fluent in English and German. And if you speak any further languages (French, Dutch, Czech or Russian), all the better!
- Passion - you are excited about hospitality and always keep an eye on the latest trends
- Basic MS Office Skills - you are familiar with the main apps: Excel, Outlook, PowerPoint and Word
- Internship in a restaurant or hotel department - not a strict must-have, but this will definitely boost your application, especially regarding the use of application systems (POS & PMS)
- Communicative - you enjoy being part of a fun and vibrant team

This is how we work together:

- Workplace - modern, pleasant and combined with our spacious staff lounge
- Flat hierarchies - great ideas don't care about seniority
- Further training - we are happy to grow your talent
- Team events - sometimes the best ideas come up after a couple of beers
- International working environment - a day in the office is a bit like travelling
- Your birthday - you get an additional day off
- Health - financial support to help you stay fit, physically and mentally

**The working atmosphere in our Penta Hotel? Simply relaxed!** Nevertheless, you need some time off. We would like to invite you and your companion for two nights a year in one of our hotels. Your friends and family are welcome as well and get great discounts.
